Dining

During the Renovation

How Club dining will be affected during the January to March renovation of the River Room & Huntington Lounge

Welcome

During the renovation, the Casual dining entrance to the River Room will be closed and all dining traffic will be routed through the Front Door. The roundabout and curb ramp at the entrance offer members a convenient drop-off location, for all accessibility needs.

Checking In

Just inside the doors, you will be greeted by our smiling hostess. Here you can check in for lunch or dinner reservations, and another team member will guide you to your table. Or if you prefer a more casual experience, head straight to the Ballroom Bar & Lounge which will be transformed to resemble the Huntington Lounge.

Enhanced To-Go Service

From our door to yours!

JRCC is curating an enhanced To-GO service, offering our members drop-off lunch service to local, member-owned businesses.

More Information to Follow

Table for Two

During the renovation, members will enjoy lunch and dinner in the Ballroom and along the sweeping Porch Rooms. This elegant space will offer members a familiar, upscale dining experience along with unrivaled, breathtaking views of the James. The rooms will comfortably accommodate parties of all sizes, with easy access to the bar or buffet areas during special dining events. Dining reservations are highly recommended during this transitional period.

Something Special

JRCC promises to maintain the same beloved dining specials during the Club's renovation. After all, without a \$6 burger, would there even be a need for a Tuesday??

On the Rocks

Walking into the ballroom will feel much like walking into the Huntington Lounge. Pop into the bar for a quick lunch or stop by the bar after a round of golf and enjoy your favorite beverage at a bar table or in The Cellar Game Room. Never miss a game with two brand-new high-resolution TVs! Join us for Sunday Football specials or gather with friends for live music and Bar Bites on Thursday nights.

Making Memories

We encourage members to enjoy the new Cellar Wine Room, Game Room, and Cigar Lounge during the cold winter months. With plans for pop-up wine and bourbon tastings, we hope to foster new bonds among members and create lasting memories at your home away from home.

4TH QUARTER

MEMBERS OF THE QUARTER

DAVID & DEBI NICHOLS

*M*y wife Debi and I live “just up the river” from the Club. Debi and I were both raised in Newport News. I have worked in the food service industry for over forty years, and I am currently working for Performance Foodservice as a regional specialist in fresh seafood, produce, and center-of-the-plate products. Debi worked for Newport News attorneys, specializing in real estate closings, before finally opening her own Title Company which was very successful for over 20 years.

I love our golf course; I am not spending much time out there right now, but that time is soon to come. Debi and I are getting acclimated to a new church in York County and looking forward to attending and supporting CNU athletics this year. We enjoy dining at the club with close friends, generally 2-3 times a week and Debi loves the pool, especially the water aerobics and the exercise options.

Debi and I have been married for over fifty years and have been members of the club for almost 12 years. In fact, when I was young, I used to deliver flowers from my grandfather's floral business to the Club, so as a young boy I had early aspirations to one day become a member.

Some of our fondest memories have been made at the Club—the memory of the excitement of watching our oldest daughter Laura working in the cabana the first year it opened; the memory of our family enjoying a magical night of great food and dancing as we hosted our youngest daughter Kate's wedding reception in the ballroom and surrounding areas. We look forward to many more memories made at JRCC and are grateful for the honor of being named Members of the Quarter.

Andrew was born and raised in Newport News where he lives with his mom and dad. He is a senior at Warwick Highschool where he plays lacrosse. Andrew enjoys playing video games, socializing with his friends, and spending time with his family. After he graduates Andrew hopes to attend CNU and major in Information Systems and minor Cyber Security. He hopes to use his degree to become a private investigator and hopes to work on the show "To Catch a Predator".

Andrew came to us at the beginning of the summer and started as a Busser. Right away it was clear that Andrew was a different breed of teenager than all the rest. He immediately asked to work as a Busser in the cabana, which is a gauntlet by any measure, but Andrew was not intimidated by the challenge and quickly became a staff and member favorite!

A few weeks later, Andrew asked again to be promoted to server. Typically, we only allow older, more well seasoned staff to work as servers, however we let him join the serving team because of his initiative to step up and his willingness to work hard to learn all the necessary steps of service.

Since becoming a server, Andrew has grown leaps and bounds. His guests always comment about his attentive service, bright smile, and polite nature. Even as a server, he is quick to jump into action to help the bussing staff where needed, he constantly checks on other servers tables, and every night before he leaves he always asks each manager, including the Chef, how he can be of service. (You'd be surprised the amount of extra work Andrew is willing to do for a scoop of ice cream!) Andrew is absolutely one of our greatest treasures at JRCC and we are so proud to award him the honor of November's Employee of the Month!

HENDRY WINE DINNER

Tuesday • November 7, 2023

George Hendry and his family have grown grapes on the same land in Napa Valley since 1939. Through more than eighty years of harvests, our connection to the land has deepened, and our knowledge has grown.

The 203-acre Hendry Ranch is situated in the low, rolling hills just northwest of Napa, at the foot of Mt. Veeder, and includes 114 acres under vine. This location in the valley experiences substantial marine influence, allowing us to grow many different types of wine grapes. All Hendry wines are made only from estate grapes, and are crafted to highlight the unique conditions of this very special place.
