1ST QUARTER

President's Quarterly Report

LINDSEY CARNEY

Dear JRCC Family,

I wish each of you and your families the most blessings that 2023 has to offer in your personal and professional lives.

Despite the craziness and occasional instability in the world that we often read about in the news, far more went right for JRCC in 2022 than went wrong:

- Membership is up to just over 630 members with the addition of 75 members, many of whom are young couples with young children who have contributed to a vibrant atmosphere and bolstered our River Ratz swim team, Junior Golf and summer camps;
- The upper and lower pools were crystal clear and functioned properly (Thank you to Past President Jeff Verhoef and Watersports Committee Chair Josh Dornan for their tireless efforts in getting us there);
- Our golf course offered members and guests 20,480 rounds of beautiful golf on one of the nicest 18-hole courses we will find;
- Racquet Sports hosted a Tennis and Pickleball Club Championship that we hope will continue as an annual tradition;
- We are so very lucky to have a grounds and maintenance crew who planted 3500 plantings in the spring and 2000 plantings in the fall, with approximately 400 planting hours in the spring and 300 in the fall, in addition to 500 hours spent on annuals maintenance through the year to water, spray, weed, and mulch;

MEMBERSHIP

- The JRCC meeting room and conference center was completed and has been a gorgeous, private setting for meetings and small dinners;
- Almost thirty couples exchanged beautiful wedding vows and committed themselves to each other in front of their family and friends, backdropped by the gorgeous views of the James River from our lawn and beach; and
- Hundreds of member-hosted events were held at our Club for members and guests, showcasing the talents of Chef Matt and the positive energy of our banquet team.

The New Year gives us the opportunity to build upon the successes, and learn from the challenges, of 2022. 2023 presents us with the time for evaluating who we are and who we want to be as a Club and to examine what matters most to us. We can all easily agree that providing an unrivaled membership experience is clearly our most important value and goal. "The purpose of our Club is to promote open-air and indoor games and sports and to provide facilities and conveniences for the social intercourse and entertainment of its members." Just because we know our values and goals doesn't mean we stop there - exploring new possibilities on fulfilling values and goals is a must to continued fulfillment and satisfaction.

Our membership can look forward to the highly anticipated completion of many more capital projects in 2023 - completion of the lower-level lounge, wine tasting and wine locker room, and expanded outdoor patio among them. We want JRCC to continue to be your first choice for dining and social interaction, but more-so for making lasting memories with your family and friends. Increased membership, enhanced use of your Club by existing members, and exceptionally outstanding events will help to continue to grow our reserves and fulfill the 3 R's: Recruitment, Retention and Relevancy.

Your committees and the Board of Directors continue to strategize on ways to bring more value and enjoyment to your membership experience, and on behalf of all of them, I thank you, the Membership, for your trust in that leadership. With inflation rates at levels some of us have never seen, and with the struggles we have all experienced in hiring new employees, we will face challenges in 2023, but countering those challenges by deliberate financial planning for enhanced membership offerings and superior facilities will assist us in overcoming those challenges. We have much more planned for 2023 and are grateful for your enthusiasm, support, and, most importantly, your use of our Club.

I look forward to seeing you around the Club. There's more, and possibly the best yet, to come.

Warmest regards,
Lindsey

1ST QUARTER

MEMBER OF THE QUARTER

JOSHUAH AND CLARISSA TORRES

Joshuah Torres was born in Raleigh, North Carolina, and was raised in Pennsylvania. His mother worked for a phlebotomist, and his stepfather was in the Army.

Straight out of high school, Josh joined the Air Force, serving in the elite Force Support Squadron. He attributes his deep desire to serve and defend our country to his family's standing traditions and unwavering dedication to the United States Constitution. Most of the men in his family served in the armed forces, and he felt it was the best avenue for entering the world with the discipline and skills necessary to lead a successful life.

Josh met his wife while still in high school and fell in love immediately, proposing marriage after a short courtship. They were married before he joined the armed forces in his senior year of high school and have been married for 14 years.

Josh deployed twice, once to Iraq and once to Afghanistan. His tour in Afghanistan was extremely difficult. He faced daily weapon fire at an outpost with only about thirty-forty fellow servicemen living in a tent, facing all odds together every day. His experience awarded him a profound appreciation for life, liberty, and freedom. They now live in Yorktown, Virginia, and have a gorgeous family of four. His wife, Clarissa, son, Sebastian, and daughter, Aliyah, are the center of his world. Josh and Clarissa have been quite successful in business but will tell anyone their most significant achievement is raising two beautiful, intelligent children.

While Josh served in the Air Force, Clarissa worked for Signs by Tomorrow, a company that produces digital and print signs for local and national brands. Once the opportunity arose for Josh and Clarissa to acquire the company, they jumped at it and have grown what is now Image 360 into a brand printing everything from business cards to custom commercial vehicle wraps.

In his spare time, Josh enjoys pursuing his passion for cars- modifying and presenting them at car meets and races. Josh and Clarissa love being members of James River Country Club and are thankful for the extended family they have gained. Josh and Clarissa are honored to be JRCC's Member of the Quarter!

MARCH
EMPLOYEE OF THE MONTH
 BRI SCHILLING

Bri was born and raised in Hampton Roads and has lived all over our area during her life. She recently moved out of her parents' home in Poquoson and now resides in Newport News. Bri has a large extended family and tries to spend as much time as possible with them all when she is not at JRCC.

A 2020 graduate of Menchville High School, she has been attending Virginia Peninsula Community College for the past two years and is working towards a degree in Dental Hygiene and will be starting her dental education this fall.

Following the completion of her degree, she wants to move into a Pediatric Dental office as she starts her next career away from the club.

After working as a part time team member in the Golf Shop in August of 2021, Bri was promoted to a full time position as Golf Shop Manager in July of 2022. She is the heartbeat of the Golf Operations Team, managing the day to day tee sheet for the membership and assisting the membership with their daily inquiries and requests. She also helped lead the overhaul of the Golf Shop with her keen eye for displaying merchandise and picking out holiday and birthday gifts for the loved ones of so many of our members.

Please stop and thank Bri for all of her hard work and dedication to JRCC before or after your next round or when you need some help adding to your wardrobe. Thank you Bri for everything you do!

IN MEMORIAM

FEBRUARY - MARCH

GEORGE ROYDEN GOODSON JR.

George Royden Goodson Jr., a resident of Newport News passed away peacefully on Monday, February 13, 2023 at the age of 94. He was born in Hilton Village and made his home in Newport News his entire life. He graduated from Virginia Polytechnic Institute in 1949 and after a short stint in the U.S. Air Force, became one of the early founders of Warwick Plumbing and Heating Corporation.

Well-loved for his playful, generous spirit and sunny nature, he had a large circle of friends and could be counted on to liven up any gathering. A talented storyteller, he was also abundantly blessed with artistic creativity, which he expressed through fine woodworking and painting. He also loved designing and building – whether it be mechanical systems, houses, or furniture.

He lived life to the fullest; he was a good golfer, one or two shots short of being great, an avid competitive sailor, a skier, and a world traveler with his wife Patty. He was an enthusiastic supporter of many community organizations, chief among them, the Virginia Living Museum, and the Peninsula Fine Arts Center. Most importantly, he loved his family and never met a stranger.

If George had one regret in life, it was that he never learned to fly.
He is flying now.
